2019 Teaching and Learning Conference SESSION PROPOSAL FORM

SESSION PROPOSAL FORM

Proposals are due no later than Monday, March 18, 2019.

2019 Memorial University Teaching and Learning Conference

Conference Theme:
Strengthening Our Educational Experience: Accessibility, Engagement and Student Success

A primary goal of the conference is for faculty, instructors and staff to think about ways we can strengthen the student educational experience through accessibility, engagement and student success. To achieve this, our university community is encouraged to increase collaborative and interdisciplinary initiatives in teaching and learning, and to consider ways in which teaching and learning can intersect with aspects of research and public engagement.

We invite educators, researchers, staff and students to join in exploring how the university community can turn Memorial's goals into action.

• How can we creatively work together, across disciplines and campuses, to integrate approaches that address accessibility, engagement and student success?
• What are ways in which we can foster these approaches within the classroom?
• What are ways in which we can integrate these approaches into learning opportunities outside the classroom?
• How can technology play a role in strengthening the student experience across disciplines, campuses and communities?

As you prepare your proposal, please keep the theme and questions in mind.
