Call for Proposals - TL Conference 2020

Q1 Proposals are due no later than Wednesday, March 18, 2020.

Q2 2020 Memorial University Teaching and Learning Conference

Conference Theme:
**Getting to the Heart of Learning**

As an institution, we have expressed a vision for teaching and learning in which Memorial connects learners and educators to each other, the community and the world ([TLF 2023](#)). It is time we focus on understanding how to develop meaningful connections, and the impact they make individually and collectively.

Educators, researchers, staff, students and alumni are invited to come together and explore how we can create and enable meaningful connections for engaged learning. What evidence-based strategies can we use to initiate relationship-building in the classroom (face-to-face or online)? How can we cultivate meaningful interactions between learners, educators and our communities? What role can ‘inclusive teaching’ play in making connections? How can we assess the connections we make and their impact on learning?

As you prepare your proposal, please keep the theme and questions in mind.
